Trick or Treat!

Halloween's just around the corner. Trick or Treat hours in housing are 5:30p-8:30p. Please turn your porch light on if you're participating in Trick or Treat. Parents, have your ghouls and goblins bypass unlighted homes.

Ensure proper supervision; make sure kids can see with their costumes on (think makeup rather than masks) and check their treats BEFORE they eat!

If you must drive, be extra cautious.

Trick or Treat Hours are 5:30p-8:30p
On Friday, October 31st.

Please be more cautious than usual while driving!

Maintenance

GET READY FOR WINTER

- ✓ Test your furnace – turn it on and ensure that it's working, BEFORE you need it! Expect a dusty smell which should dissipate within 15 minutes. Change filter, if needed. Enter a work order request if it doesn't operate as expected.
- ✓ Check ceiling fans. If fan has a reverse switch, have blades turn clockwise (when looking up at the fan).
- ✓ Unhook hoses and quick connect devices (the little insert that makes your hose easy to connect) from outside faucets. Unhook after EACH USE until freeze danger is past. This simple step can save hundreds of dollars in repair costs from a burst pipe.
- ✓ Stock up on supplies. Need a snow shovel or ice melt? Now's the time to buy. If winters are severe in your area, stock up on non-perishable items.
- ✓ Stow your mower. Use up remaining fuel or add stabilizer, fill tank and allow to run briefly to circulate.
