"You have brains in your head. You have feet in your shoes. You can steer yourself any direction you choose. You're on your own. And you know what you know. And YOU are the one who'll decide where to go..."  
— Dr. Seuss, *Oh, The Places You'll Go!*

## Community News

February was a fun month at Hanscom. In honor of Valentine's Day, we gave away a \$200 gift card to Rachel Redfeard, who won our "Love Story Contest" to Capital Grille. Residents submitted their own photos for our Super Bowl Photo Contest and also the Snowbank Decorating Contest. March we will be teaming up with Blue Star Families to celebrate Dr. Seuss's birthday with a book reading. Join us at the Community Center on 11 March at 1:00 PM. Blue Star Families will also be starting our monthly afterschool crafts activities one Wednesday a month at the Community Center.

We had so much fun at last year's Dr. Seuss's book reading!

## Hunt Update

### CEL Resident Satisfaction Survey Comments

Ever wonder if anyone actually READS the CEL comments? Your community director does and I read every one from every property.

MANY of you commented about your dishwasher. I'd like your help to provide guidance regarding replacements. Please email me and tell me what you like or dislike about your dishwasher. Be specific. "I hate it all" isn't as helpful as "food remains on the dishes after washing". Please include HOW you use your dishwasher – such as, "I pre-rinse and run it once a week, or "I run it daily". Include the make and model. The make is usually on the front, the model number is usually on a plate or sticker on the inside front or side of the door.

We're talking dishwashers...please let us know if you like yours or tell us why not. Include make and model number. Thanks!

Remember, if your dishwasher is fine, please let me know that, too, along with make and model. Email [paula.baker@huntcompanies.com](mailto:paula.baker@huntcompanies.com) Thank you!

## Maintenance Dishwashers

With many survey comments on dishwasher woes, here are a few helpful tips:

If you'll not be running the dishwasher right away, lightly rinse dishes before loading  
If you'll be running the dishwasher, no need to rinse, but scrape food debris from dishes

Load plates facing the center – so half are facing one way, half the other  
Do not place plates or platters in front, parallel to the front of the dishwasher. This blocks the detergent from getting to the dishes. It's ok to load them along the back.

Dishwashers and sinks share a water line. Run water in the sink until hot, AND THEN start the dishwasher. This helps dissolve the detergent. Use the detergent cup, even with packets, so the detergent is dispensed during the wash cycle

Different detergents work better in different areas, so ask what your neighbors are using  
Don't buy more detergent than you'll use in three months. It works best fresh.  
Scoop any debris out of the trap or the bottom of the dishwasher after each use  
Consider using a dishwasher cleaner every few months

# MARCH

SUNDAY	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY
