OUR CEO'S MESSAGE

Dear HMC Resident,

Our fifth annual Hunt Heroes Foundation scholarship program is now open and accepting applications. This opportunity is for those looking to attend secondary schooling at a 2-year, 4-year, or technical school. This year we will be awarding 18 scholarships totaling \$50,000. Those eligible include any active service member or their dependents. This is open to any branch of our armed forces and you do not need to be a Hunt Military Communities resident. All scholarship applications must be filled out online at: LearnMore.ScholarsApply.org/HuntHeroesScholarship. The deadline to submit an application is March 2, 2023, at 3 pm CST, or until 50 applications are received, whichever comes first. Even if you do not have a need this year, we invite you to share this opportunity with someone who qualifies. This is one of many charitable endeavors Hunt Military Communities is actively pursuing. Other top-rated charities that serve our active duty & military veteran populations include career transition assistance, housing, education, and health and well-being. Our support for these organizations, Tunnels to Towers, Hire Heroes USA, Travis Manion Foundation, Operation Homefront, and our scholarship program is all part of our desire to go above and beyond providing much needed services to our nation's heroes and their families. Thank you very much for choosing to live with HMC, and we hope you have a wonderful month!

Semper Fidelis,

Brian Stann

COMMUNITY ANNOUNCEMENTS

Snow season is upon us. The safety of our residents is our priority. We promise to keep everyone updated on our snow plowing schedule via social media. Also, if you log into the resident portal you can set preferences to receive text message notifications regarding the snow plow schedule. When notifications are sent out, we ask all vehicles to be moved from the streets to the overflow parking areas. You may also notice some orange guides placed on the walkways throughout the neighborhoods. We ask that the guides be left in the areas they have been distributed. These guides are used for the snow plows on heavy snow days. It ensures the plows stay on their designated paths. Extreme cold temperatures are also common in New England. We know many residents are not used to the extreme weather changes. Notifications will be sent out for extreme weather days. Please set your faucets to drip on these days. We hope everyone has a happy and safe winter!

COMMUNITY IMPROVEMENTS

Community projects are a major area of focus for us for 2023. Residents have been asking for us to address the outdoor lighting in various areas around housing. We are happy to announce that we were able to install over 22 new light structures in the first week of January! There is currently a plan to install LED lights in the 17 cul-de-sacs we have on base and to install solar light fixtures in other areas that need illumination most. We are always listening to the feedback of our residents and are constantly reevaluating areas needing improvement. The next project on our horizon is regarding the trees around housing. We have partnered with a trained arborist to evaluate many of the trees on the base. In an effort to keep housing safe, we are removing trees that pose potential safety concerns. This is just one of the many projects we have planned for 2023, and we can't wait to keep everyone involved in our future developments.
